

******PRESS RELEASE******
FOR IMMEDIATE RELEASE

January 29, 2020

The “Region VII Workforce Development Board”, “Career One Stop Centers” and “Eastern WV Community Action Agency” have been awarded a grant from the State of West Virginia to help combat the opioid crisis. The grant comes in the form of Federal dollars to use for subsidized employment positions. The grant will service Berkeley, Jefferson, Morgan, Mineral, Grant, Hardy, Hampshire and Pendleton county residents affected by the opioid crisis. The WDB has contracted “Your Life Coaching WV” to serve the Potomac Highland counties and the “Mountaineer Recovery Center” to serve the panhandle. We hope this will be another resource for those that have been devastated by this crisis.

Questions about the program can be directed to the Career One Stop Director, Peter Christensen, pchristensen@region7workforce.org , 304-264-6133
